

RHODE ISLAND
COAST GUARD
PROBE ASKED

Providence, Jan. 7.—An inquiry by the Rhode Island Legislature into the Black Duck run killings is sought in an order filed today at the opening of the Legislature by James H. Kierman, deputy leader of the Democratic members.

"A Rhode Island citizen," said Mr. Kierman, explaining the purpose of the resolution, "was shot and killed by coast guardmen a week ago Sunday morning. This man was on board the Black Duck, a big motor boat that was making its way into Narragansett bay.

"The crew of coast guard boat 200 opened fire with a machine gun and killed the Rhode Islander and the others. A fourth man was wounded.

"Our attorney-general has launched an investigation with the view of inducing the coast guardmen for voluntary manslaughter. Despite this probe, I believe the General Assembly should conduct its own investigation. This resolution seeks the appointment of a probing committee of five members, two to be appointed by the Speaker, two by the lieutenant-governor and the fifth place to be taken by the attorney-general.

"This committee would be clothed with broad powers and would have the right to summon witnesses. The committee would go deeper into the operation of coast guardmen than the killings on the Black Duck.

29 More Black Duck
Cases Await Trial

New London, Ct., Jan. 7.—With 29 more coast guards waiting to be tried on drunkenness and theft charges growing out of rum seizures, the general court martial failed today for an unplanned reason to convene.

The 10 guardmen who pleaded guilty yesterday to the rum charges were under arrest on their own boats awaiting review of the sentences by Secretary of the Treasury Mellon.

Meanwhile, the coast guard was virtually an armed camp, with machine guns guarding the entrance and safeguarding the kin of those involved in the tragic capture of the rum-carrier Black Duck.

Every precaution was taken to protect from further harm or fright the families of coast guards involved in the capture of the Black Duck and the Flor-Del-Mar, meanwhile to protect from further harm or fright the families of coast guards involved in the capture of the Black Duck and the Flor-Del-Mar.

Needled between two government boats, battling with guns, in the houseboat home of Westview, A. C. Correll, commander of the patrol boat 200, the guns of the coast guard killed three aboard the rum craft off Newport. This precaution was taken following an attack on the coast guard by a mob of fishermen and other misdeeds by a mob.

Throughout the city heavy shore patrols were on duty. Coast Guard officials mounted the machine guns at the entrance of the base after guardmen had been "beaten up" on two occasions and efforts to run down the gang who had stoned the houseboat had failed.

The Weather

For Boston and vicinity—Partly cloudy, probably followed by rain late tonight or Wednesday. Continued rain, tonight, colder Wednesday afternoon or night; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For Northern New England—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For Eastern New York—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For Western New York—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the Middle West—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the Great Lakes—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the Pacific Coast—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the Atlantic Coast—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the Gulf Coast—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

For the South—Rain tonight and Wednesday; fresh northwest wind, possibly shifting to southerly by Wednesday night. The sun, the temperature tonight will be near 40°; tomorrow, 45° to 50°; Wednesday, 45° to 50°; Thursday, 45° to 50°; Friday, 45° to 50°; Saturday, 45° to 50°; Sunday, 45° to 50°.

Wants Her Freedom

Mrs. Margaret Kelly Walker, wife of Mickey Walker, middle-weight boxing champion, has at last sued for divorce. She once before applied for separate support and, after several spats, the couple became reconciled. Now she has announced at Trenton, N. J. that it's a divorce she wants. Mickey will fight the action.

Hoovers Dine Tonight
With Dolly Gann

Washington, Jan. 7 (AP)—President and Mrs. Hoover will leave the White House tonight to attend two social functions given in their honor and in keeping one of these engagements will depart from recent Presidential precedent.

The first will be a dinner given by Vice-President Curtis and his sister and official hostess, Mrs. Dolly Curtis Gann, in their suite at the Mayflower Hotel.

Then the President and First Lady will go to a reception given by the Congressional Club. The membership includes wives of cabinet officers and of members of Congress.

Tradition prescribes and custom has late years has strengthened it, that almost the only social contacts of the President and First Lady must be within the White House walls. But the Hoovers have tossed many a little worsted convention overboard since he became President.

TITANIC HERO'S
WIDOW IS TO
GET DIVORCE

New York, Jan. 7.—The widow of Col. Archibald Gracie, hero of the Titanic disaster and noted society man of New York and Washington, is on the verge of winning an annulment of her marriage in 1922 to Humberto di Urbino, a young Chilean, the New York American has learned exclusively.

All that remains to end the secret marriage, which was a sensation in Washington and New York society, is the signature of the referee and adopting of his recommendations by a justice of the Supreme Court. These actions are usually routine matters.

NO-ACCOUNT COUNT.

The findings of the referee, accompanying the judgment, do not have any good to say for the husband. Mrs. Gracie has less than that.

It would seem Mrs. Gracie discovered he had prevaricated when he told her he was a count, the sole heir of millions of Argentine di Urbino, late papal nuncio to France and Italy; that he was a direct descendant of Raphael, the painter; and that he loved Constance Elsie Shack Gracie.

DISHWASHER AT SEA.

Just a year after the marriage, the "count" had from his wife's Washington home.

When she last heard of him, after her attempt to have him extradited for forcing her name to a check for \$100 had failed, he was washing dishes on a coastwise steamer.

Mrs. Gracie is living at the Hotel Nassau here.

Urges U. S. to Ratify
Mission Statutes

An urgent plea that the United States will speedily ratify the international convention known as the revised statutes of Berlin and Brussels was today sent by Dr. W. Riggs in behalf of the American Board of Commissioners for Foreign Missions to President Hoover.

The statutes, which guarantee freedom of conscience and religious toleration to the natives of Africa, were also included in pleas sent to Secretary of State Stimson and Senators Frederick H. Gillett and David L. Walsh.

Methodists Open 10
Million Fund Drive

Chicago, Jan. 7 (AP)—Leaders of the Methodist Episcopal Church today launched their \$10,000,000 world service campaign for home and foreign missions.

Actual collection effort will not begin for several months. It was announced, but a series of conferences has decided on the first steps in preparation for this work. The total has been allotted among the 21 districts of the church proportionally.

Strange 'Hex' Death
Is Investigated

Reading, Pa., Jan. 7 (AP)—Charges that Mrs. Harry McDonald, 34, burned to death while following the instructions of a "Hex" doctor, will be investigated to the limit, Dr. Winfield H. Ammarill, coroner, announced.

Mrs. McDonald was found by her husband, a night worker, when he returned home. She was lying near a coal oil stove, her body badly burned. She died before she could be summoned. Two children, girls, aged 1 and 9 years, were the only other ones in the house at the time.

Dr. Ammarill was mystified because nothing else in the house appeared burned. He continued an investigation, questioning Anthony Braum, a brother of the woman.

The brother, expressed the opinion the woman had placed something on her skin, which caught fire in the heat of the stove. He said she had been going to "Hex" doctors for several weeks and he had previously tried to have her cease her calls there. He gave the corner the name of an alleged "Hex" doctor from whom he said his sister received advice.

The coroner has arranged for the man to tell his story in the district attorney and said if there was any proof the woman had been given an inflammable lotion to place on her skin, or had been told to prepare for such material, he would move against those involved.

SAYS OFFICIALS GAVE DATA TO LOBBY

Washington, Jan. 7 (AP)—A document read today before the Senate lobby committee said R. L. Purdon, sugar expert of the Department of Commerce, had been asked by the White House and Senator Smoot, Utah, to work out a sliding scale for sugar duties.

The document was contained in a letter from W. H. Baldwin, publicity man employed to work for lower sugar rates in the tariff bill, to Junior Cress, secretary of the American Bottlers of Carbonated Beverages.

Baldwin had previously testified that he had been paid \$1500 monthly for his work by Owens and that H. H. Pike, New York sugar broker, had added a bonus of \$7500 monthly.

BUGAR MEN'S SECRET

The memorandum read:

"R. L. Purdon, chief of the sugar section, foodstuff division, Department of Commerce, has been asked by the White House and Senator Smoot to work out a practical sliding scale. His name must not be mentioned in connection with the following information which has been given.

"There are various facts that might be used in working out a sliding scale. The sliding scale will be based on the tariff rate from which the tariff rate to what will be the base line for measuring the tariff on the sliding scale."

"The sliding scale would be price fixing if changes in duty were exactly corresponding with the change in price; but if a change in duty does not correspond to the change in price, it would not be price fixing, but merely a tendency to stabilize prices."

PRICE BIG FACTOR

"He personally believes that a sliding scale would be practicable, and that it represents a scientific effort to protect the consumer and at the same time the domestic industry. However, he says it must be administered by somebody who knows the sugar business."

"The Garner plan will not work. The first thing to do in attempting to work out a sliding scale is to get an honest price on sugar. It can be done. It is just a matter of administration by some one who knows the sugar business."

"The important factors are the price when the sliding scale begins; also the price at whatever date line may be determined upon and the method of administration. All plans mentioned publicly today, so far as he knows, would give the edge to some factor or other in the industry."

BOUGHT SMITH'S AID

Senator Walsh, Democrat, Montana, produced a letter from Morris Merney, connected with Baldwin's firm, addressed to Pike which said a "highly confidential memorandum regarding sliding scales" was enclosed. The letter added that the information came from Mr. Thompson, sugar expert of the tariff commission.

Senator Walsh said the letter placed both Baldwin and Thompson "in an embarrassing light."

Baldwin also said he had visited Mrs. Henry Moskowitz of New York in an effort to get former Gov. Smith of New York interested in the sugar tariff. He said she told him to keep her tongue tied, added he did not think he had succeeded in interesting her.

"Mr. Smith has made no speeches yet on the subject," he said.

Wins First Round

Miss Jean Walska, 22-year-old student, won her first legal encounter with Edwin B. Cox, married lawyer, when Judge Cox refused to impound papers in her \$100,000 breach of promise suit. (Staff photo.)

U.S. SHIP BREWS ITS OWN BEER

New York, Jan. 7.—The liner George Washington, which flies the American flag, came in with a baby brewery.

The passengers gave out the secret—if a secret it was—saying they had been able to buy perfectly fine ship-brew beer at 15 cents a glass. When told about this, Joseph E. Sheedy, president of the United States line, demanded:

"Well, what of it?"

He admitted there was a brewery on board, but said the beer was under lock and key with the medicinal liquor. As soon as the ship leaves New York, he said, the brewery will be set up again.

The only disinterested people whom the ship docked were the customs officials. Since none of the home brew was left, they said everything was all right as far as they were concerned.

Ely Will Not Run for Congressman

Springfield, Jan. 7 (AP)—Joseph R. Ely of Westfield today announced he would not be a candidate for the nomination for congressman from the second district.

He said personal and not political reasons actuated him. His announcement leaves Atty. W. J. Granfield and John Hall, former county commissioner, as Democratic candidates.

Frank C. Hinkley of West Springfield today announced himself a candidate for the Republican nomination on a wet platform.

Frederick D. Griggs of this city, who is backed by the Republican organization of that party, filed his papers in Boston today.

COPS PAY GRAFT FOR JOBS, THEN LOSE THEM

Chicago, Jan. 7 (AP)—The indictment set which caught Congressman Stanley H. Kuns and his son, Stanley, Jr., with charges of conspiracy to sell a police job, was being held ready for other politicians on similar accusations.

George S. Lavin, assistant State's attorney, directing the investigation into alleged graft in the civil service commission, planned to question every one of the 472 probationary policemen dismissed by Police Commissioner Russell to meet budget reductions.

"These men are disgruntled over the loss of their jobs and will testify," he said, adding he was informed that many of them had paid \$300 to \$500 to obtain required civil service ratings.

The indictment of Congressman Kuns and his son followed Kuns' money before the grand jury by Roman Trochowski that he gave the lawbreaker \$600 to be "fixed up" for a policeman's job.

TAXES FORCING LORDS TO SELL TREASURES

London, Jan. 7 (AP)—Increasing taxation and heavy death and succession duties have obliged many prominent members of the British nobility to throw art treasures that have been in their families for decades and even centuries on the market.

The Duke of Richmond and Gordon announced today that he had decided to sell a number of pictures and books from Goswood House, his sumptuous English seat, and from Gordon Castle, his seat in Scotland.

This closely followed reports that the Earl of Durham was about to part with the famous painting, "The Red Boy," in an American collector for approximately \$1,000,000.

At the time of the third earl's death the value of the estate was estimated at about \$10,000,000, of which nearly \$1,500,000 was then demanded in death duties. Four months later the fourth Earl of Durham died, and this brought a demand for \$1,200,000 in

Colored Shoes Vogue With Longer Skirts

St. Louis, Jan. 7 (AP)—Longer skirts have demanded daintier and dressier footwear for women this year, with high heels returning to popularity, shoe stylists at the National Shoe Retailers' convention here say. Shoes are to be more colorful than ever before.

The footwear fashion show revealed that shoes are more feminine and that the silhouette grows to require shoes of a design that avoids the more utilitarian effect created by the short skirt era.

New tones of blue and green in complement the shades of spring dresses are seen, with brown, white and combinations in the background.

Shoes also are in demand to match dress accessories. Snake skin shoes are popular, with lizard and python skins in demand by the short skirt era.

The Batchelder-Whittemore Coal Company

The Area Covered by the New Delivery Service

✕ CROSSES SHOW LOCATION OF COAL YARDS AND POCKETS

Specializing on **blue coal**

"the trademarked anthracite"

From this map you will quickly see that the yards of the four leading coal companies now forming the Batchelder-Whittemore Coal Co. are so located as to afford the most convenient storage and delivery facilities — to customers in Greater Boston.

WHILE the greatly enlarged facilities of the entire organization are now at your service, you will still receive the same personal attention of your friends. No changes in personnel are contemplated.

The larger company is owned and will be operated by the same people you have known and dealt with.

The new company will supply the same coal you have been buying from them. In addition, from now on it will be "blue coal".

The blue coloring does not affect the quality of the coal in any way. It is simply a measure adopted to trade mark Lehigh & Wilkes Barre and D. L. & W. coals so that purchasers of "blue coal" may always know they are securing the highest grade anthracite that can be produced. The same high quality today, tomorrow and year after year under all conditions.

Our furnace cleaning services are available as usual. Also if you care to have us do so, we shall be glad to advise you as to the best and most economical coal to suit your particular requirements.

You are assured of quality coal, carefully and courteously delivered by this larger company.

ICE HAZARDS IN ANTARCTIC

By CAPT. SIR ROBERT WALSH,
Commander of the Wilkes Earliest
Antarctic Expedition

Current, 1929, by the San Francisco
and Universal News Service.
In Great Britain, France, Germany, and
other countries, the ice is
noted as whole or in part.

Deception Island (Antarctica),
Jan. 7.—Via R. E. McVie,
KUP, San Francisco Examiner
Wireless Station.—We have practically
completed arrangements to
continue the exploration west of
our recent discoveries.

The Scoresby leaves today for
the Falklands to refuel and take
on provisions.

Further success depends largely
upon the conditions of the
ice pack bordering the vast, un-
known coast. Last month, it was
impossible to get closer than 120
miles from the shore south of us.
Leaving the ship, we took off in
our plane from the water when
was about a mile and a half deep
and flew over the scattered ice
which the vessel could not pass. It
was not sufficiently scattered for
the sea plane to take off or land
safely. Near the ship was the
large iceberg, which we estimated
at 13,000,000 tons. A few
smaller bergs were seen to the
south.

HUGE HUNKS OF ICE
From latitude 68 to 69, longi-
tude 75, the ice was broken into
pieces about the size of a city
block. There was a narrow
but the blocks have not changed
their relative positions since win-
ter.

Snow drifts were lying in the
direction in which the wind was
formed. The biggest drifts were
larger than those seen in the
Arctic ocean and were formed
when the wind was blowing from
the northeast. There was no
evidence as to their formation
when the wind was in any other
direction.

From latitude 69 to within 20
miles of the center of Charcot
Land Peak, longitude 75, the heavy
pack was cracked only here and
there. These cracks ran irregular-
ly but mostly in a northeast-south-
west direction.

Southward was a belt of about
10 miles wide of considerable
broken pack ice that had twisted
and turned considerably since the
break up.

Further southward were patches
of open water in which the plane
might have landed, but the lanes
were not wide enough for a take-
except across the wind. They
would also probably close up when
the wind went down.

WAS ONCE OPEN WATER
The thick ice was cracked only
slightly and extended 10 miles out
from the island. It met the solid
land-fast ice about latitude 70 to
great 15 minutes, that is, about
half way down on both sides of
Charcot Land.

Beyond in land-fast ice that fills
the straits between the islands, and
what was believed to be melted
the presence of icebergs shown
plainly that this one time had been
open water. On the land surface
at 200 feet altitude the snow
drifts are high and formed from
winds in several easterly directions.

Along the north coast of Charcot
Land, where black cliffs face the
sun, the snow and ice have melted
and water lapped the rocks.

Throughout our four flights
crossing about a thousand miles of
Antarctic pack ice we have never
seen one great pressure ridge such
as is found on the land-circled
Arctic Ocean.

The research vessel Norweg, leaving
Deception Island about the end
of last January, reached the
land-fast ice south of Peter Island
without encountering pack ice.

If such good fortune favors us
as we might even try to follow the
coast to the Ross Sea, or at least
add another 500 miles to the coast
line of the great Antarctic Conti-

AUCTION BRIDGE WILBUR C. WHITEHEAD

DISTRIBUTION IN BID AND
PLAY

Lack of efficiency in bidding is
due largely to the failure of one of
both partners to feel out distribu-
tions that are distinctly of a type
before committing the partner-
ship to a No Trump contract. The
above deal is a good illustration of
this point.

Salient Points of Bidding
Auction: South with sufficient
values in three suits to warrant a
No Trump was his hand of a No
Trump rather than a suit type, with
one Diamond originally as intro-
ductory to possible further bidding.

West, passing, North with high
card values in the three suits other
than the one named by South, bids
one No Trump. East passing, the
bid for game between the two
hands. He therefore bids two
spades, a bid which happened to
fit perfectly with North's holding.

Following this, all pass.
Contract: The bidding at Contract
started the same as at Auction with
South bidding one Diamond; West,
passing, North himself embarks
upon a feeling-out expedition by
making a forcing take-out of three
Clubs. South in answer to this re-
mains, bids three Spades rather
than three No Trumps because of
his distinct suit type of hand. This
bid North naturally carries to four
and all pass.

Salient Points of Play
West opens his fourth best heart.
The two. Following this opening
and the exposure of the dummy
hand, South chooses to consider how
best to play the hand. With just
six Clubs and seven Diamonds in
the two hands, the establishment of
one or both of these suits can well
be a difficult or impossible propo-
sition if in conjunction with such re-
establishment, Declarer must ex-
haust the adverse trumps.

He therefore concludes that his
best method of play is the cross-
ruff. With this object in view, he
wins the first trick with the Ace in
Dummy, leads his Ace and King of
Clubs, according to the opening
Club lead a small Diamond, and fol-
lows with the Ace and King of Dis-

East Pass	Pass	Pass

monds, the Jack dropping from
East on the second lead of Di-
amonds. South fears that East may
hold no more of the suit, conse-
quently when he leads the Diamond
six from his own hand to ruff in
Dummy, he goes up with the Queen
of Spades.

East wins the trick with the Ace
and to shorten South's cross-ruff,
leads the Four of Spades. South
winning with the Six in own hand.
Declarer then leads the King of
Hearts followed by a small heart
ruffing with the Spade Seven in
Dummy.

He next leads the Four of Clubs
from Dummy and trumps with the
Eight of Spades, followed by the
Eight of Diamonds and trumps
with the Jack of Spades. Then De-
clarer leads the Eight of Clubs,
trumps with the Ten of Spades and
lays down the King of Spades, mak-
ing a Small Slam by this method of
play.

A Small Slam is not soundly bid-
able, as the opening lead of a trump
and a second trump lead when in
with the Ace would defeat such
contract.

Mr. Whitehead will answer on ques-
tion at a time commencing your bridge pro-
gress to him, and of the paper

Medbury Says-- PLAN BIG RUM PROTEST

By JOHN P. MEDBURY

THOUSANDS of people get well
to avoid working, but there's
bound to be a deadlock when both
the bride and groom get married
for the same reason.

Public Benefactors
The big hearted suburbanite
who offered to let the neighbors
keep their coal in his furnace.

Take It or Leave It
The court room is the clearing
house for matrimonial bonds.

Metropolitan Monkeys
The cross-eyed motorist who
doesn't steer where she's looking.

To Whom It May Concern
There's one thing about the
wolf at your door. His howls drown
out the saxophones playing up-
stairs.

Necessary Evils
Alimony was invented so that a
married woman could get some
money without having to do a lot
of dishes for it.

Auto-Suggestion
According to the finance com-
panies, very few motorists are
rolling their own.

Where New England Buys Its Foods

Greater Investment Banking Service Comes to all New England through

The FIRST NATIONAL OLD COLONY CORPORATION

The merger of The First National Corporation of Boston and Old Colony Corporation created a strong and widespread investment banking organization. The resources and supplementing facilities of these two established and successful organizations are concentrated within one institution. Its significance to New England—a greater and more convenient service to its investors and institutions and a new and broader source of capital for public and private enterprise.

Broader Service The First National Old Colony Corporation maintains a great network of offices in metropolitan and suburban Boston, throughout New England, in the major financial centers of the United States and in foreign countries. Already established are eighteen offices in Boston; twenty correspondent investment departments in metropolitan and suburban banks outside of Boston; six additional offices in New England; and eleven offices in Eastern, Southern and Middlewestern States.

In addition to its own representatives in Europe and South America, The First National Old Colony Corporation has through its affiliated institution, The First National Bank of Boston, resident representation in London, Paris, Berlin, Buenos Aires and Havana, and 22,000 correspondent banks throughout the world.

Operating Facilities The First National Old Colony Corporation under the direction of the experienced executive management of the combined institutions offers to the investing public and security dealers the services of one of the largest investment corporations in the country dealing in United States government, municipal, public utility, railroad and other investment bonds and notes; bankers' acceptances; bank, insurance company and other investment stocks.

Underwriting To corporate and government borrowers, both domestic and foreign, it offers the services of its extensive underwriting department.

Systematic Investment Plan In addition to its general investment business The First National Old Colony Corporation offers several methods for capital accumulation through its Systematic Investment Plans. These plans build investment funds from excess income and have had a wide appeal to investors the world over. The principal amount handled by this department is now more than 23 million dollars. These Systematic Investment Plans are identical in principle with the plans as they existed under separate organizations.

Extensive Wire Services The First National Old Colony Corporation maintains one of the fastest and most accurate wire systems in the country. Through this multi-wire interconnection, its offices are in constant touch with original price sources in all important financial markets. In this day when speed and accuracy are so vital in the rendering of adequate investment service, such a wire system is invaluable.

News and Gossip of Society: Forecasts of Events in Greater Boston

HOVEY BALL AT SOMERSET TONIGHT

WHAT PROMISES TO BE one of the outstanding balls of the season is the one to be given at the Somerset Hotel at 10 o'clock tonight. The Hovey ball is the one which Mr. and Mrs. Charles Hovey of Hammond St., Chestnut Hill, and their daughter, Miss Elizabeth de Peyster Hovey, give to be the hosts. Miss Hovey was presented to society by her parents at a tea given at their residence on November 3. She is in fact, tried more often than almost any one of the buds. Mr. and Mrs. Edwin S. Webster of Dartmouth St. give a dinner for at their home. Then on Saturday evening she is to be one of the four debutantes for whom Mr. and Mrs. Edgar Rust of Chestnut Hill are having a dinner-dance. Miss Hovey was among those taken in the Junior League and the Vincent Club on their first lists of the season. She, the honor debutante at this ball, is to be given in white lace, while her mother is to be in green tulle.

THE URBAIN DINNER is also taking place at the Somerset. Among the guests at this affair will be Miss Elizabeth Shearman and Miss Anita Hinkley of New York, house guests of the Hoveys. The son of the hosts is filling the role of head usher and those assisting him are William C. Harris, Morgan K. Harris, Henry Harris, Frank Roberts, Frederick Pierce, Arthur Higley, Jr., Raymond Hunt, Bekman Post, Fessenden Wilder, William Harding, Thomas Hunt, Jr., A. Huntington Wolcott, Jr., Arthur Hill, James Baldwin, Hugh Walcott, John L. Grandin, Jr. and George Gibson.

THIS BALL IS THE OCCASION of a number of preceding dinner parties. Mr. and Mrs. Edwin S. Webster are in-

Camille White, 9, daughter of Mr. and Mrs. James C. White of Chestnut st., and May Minerva Sedgwick, daughter of Mr. and Mrs. P. Minerva Sedgwick of West Hill pl., are seen frequently at play in the Public Garden.

tertain at one, their guests being members of the older set. The dinner Mr. and Mrs. William McKenney are giving at their Beacon st. house is for Miss Marjorie Ewalt, whose parents, Mr. and Mrs. Walter M. Ewalt, reside on Buckminster st. This party is to be attended by Miss Betty Parker of Philadelphia and Miss Elizabeth Mitchell, whose houseguest she is. Miss Harriet Pitt and Miss Virginia Hovey, Miss Ewalt is to wear a frock of pink velvet, having rhinestone trimmings.

ANOTHER OF THE EVENING's hostesses is Mrs. Paul P. Bird of West Cedar st. whose guests, after a game of bridge, will go on to the ball. Miss Carolyn Day is the debutante feted at this dinner and she will be charmingly greeted in blue tulle. Mrs. Bird has invited to her party Miss Marian Duane, Miss Rosemond Holton, Miss Dorothy Hall, Miss Mary Bird, Miss Mary Elizabeth Lowe and her younger sister, Miss Alma Lowe. Still another entertaining dinner guest, tonight proceeding

Many Dinner Parties to Precede Big Gathering

the dance, is Mrs. Charles Barnard Prince of Marlborough st., whose daughters, the Misses Priscilla and Justine Prince, made their debut this year and last respectively.

LADY CLARE ANNELRY OF England and Ireland is to be guest of honor at a dinner this evening given by Mrs. Joseph D. Leland of Brush Hill rd. Milton. Among those who have been invited by Mrs. Leland to meet this distinguished woman are Prof. Manley Hudson, Harvard law professor, Andrew J. Peters, former mayor of Boston and president of the Boston Chamber of Commerce, Mr. and Mrs. Henry V. Greenough, Miss Helena Dudley, Mr. and Mrs. E. K. Schlesinger and Erlund Field, Miss Ellen Taintor will be at the dinner with her fiancé, Yann Dedona de Pierrefort, who is one of Mrs. Leland's children, as well as his sisters, the Misses Dolores and Katharine Dedona de Pierrefort. Others in the group will be Erlund Field, Paul Ceresole and Olaf Amundsen. Lady Clara is staying, while in Boston, with Prof. Vida Scudder of Wellesley.

A SMART AUDIENCE IS anticipated at the Theater Guild's performance of "Major Barbara" at the Hollis St. Theater tonight, benefitting, as on these former occasions, the Free Hospital for Women. Those included in the long list of distinguished patrons will be in the seats which they have taken for each new performance during the Theater Guild subscription season in Boston. A number of dinner parties have been planned for this evening, following which the guests will go on to see this brilliant political play of Bernard Shaw's, which has made people sit up and take notice for the past quarter of a century and which, just as true today as it did before the World War. Among those entertaining in this manner are Mrs. Quincy A. Shaw, Jr. of Brookline, Mrs. Frank Reece of Chestnut Hill, Mrs. John Laville of Irving st., Cambridge, and Mrs. William H. Black of Commonwealth ave. and Mrs. Russell Condon, who is to have as her guests Gen. and Mrs. Preston Thomas P. Curtis and Pelton Clark, Nahant, is visiting Mrs. Hovett G. Curtis at her home on Marlborough st. The former is the mother of Princess Catherine of Chicago.

MR. AND MRS. SYDNEY J. COWFORD of New York are visiting Mr. and Mrs. Hollis Hummell at their estate in Wellesley. Mrs. Cowford is the former Miss Elizabeth Oakes, a sister of Mrs. Hummell, who was before her marriage Miss Mary Frances Oakes.

THE JUNIOR LEAGUE GLEE CLUB meets on Tuesdays at the home of Mrs. John E. Thayer, Jr. of Marlborough st. Mrs. Thayer holds the position of executive officer and Mrs. Malcolm Bradlee that of chairman.

By MRS. SMITH
Caroline Smith gave a concert of violin music at Jordan Hall last night in what was evidently her first appearance in Boston. The young woman, who is still at home, a girl of 18, is a violinist of unusual ability and her playing has attracted the attention of the audience. Despite this, she emerged from a testing program with a considerable wealth of laurel.

GIRL PLAYER IN CONCERT

Both of the larger numbers were of a romantic type of music—broad in sweep, usually passionate in utterance, only occasionally lyrical. The play of the fingers was that of a violinist of unusual accuracy of intonation, as a result of warm, fluid, bodied tones, a violinist, untroubled by nervousness and apparent self-doubt, making music all the type. Her vigorous expression of the music was a real revelation. She could and did get into the music, the music was the mind controlling. The music was a pleasure to observe. She has a good deal of technique, but it is not technical in the sense of the technical one. But it is a technical one, for she is an all-around player, for she is an all-around player.

Whether or not two materials of different types may be combined effectively in a bag of formal or informal type is a question settled by the appearance of some very clever bags in the combinations of metal and buckle combined with silk embroidery. The handbag of suede in a flat envelope and the ordinary one is manipulated to form an elaborate design against the suede surface. A formal bag of brown silk crepe alternate squares of bakelite with silk embroidery combined with gilt metal uses stitching as a design.

W. C. T. U. to Observe Anniversary of Law

The Massachusetts Woman's Christian Temperance Union will celebrate the 10th anniversary of the 18th Amendment by a luncheon at the Hotel Brunswick on Thursday Jan. 16. Mrs. Arthur H. Ropes, state president, will act as toastmaster.

Dr. J. M. Doran, United States Commissioner of Probation, will be the principal speaker. Other speakers will be Mrs. Julia Andrews, member of the Governor's Council, Dr. A. C. Conrad, pastor of the Park Street Church, James Egan and Mrs. E. A. Gleason, honorary state president of the W. C. T. U., who will tell of conditions before prohibition. Members of the Young People's Branch have arranged for meetings and rallies of the young people.

Mrs. Lindbergh Tests New 'All-Night' Plane

Los Angeles, Jan. 7 (AP)—The Lindberghs have a new plaything—a low-winged Lockheed monoplane with a cruising radius of 3200 miles. Col. Charles A. Lindbergh and his wife tested it in a series of flights. Although the plane, which was built in secrecy, had been given factory tests by Detroit Aircraft Corporation pilots, Charles and Anna gave it its first public demonstration.

The large crowd which gathered to witness the flight was surprised by Lindbergh's participation in the contest's first trial of the new ship after the landing it was more surprised at Lindbergh's decision. "My wife took the controls and liked the ship's performance." The plane is powered by a 425-horsepower Wasp engine and is equipped to carry 450 gallons of gasoline. Its color is black and orange and its license number is N-211. The number of the flight was N-211-211.

Pershing Declines to Be Candidate

Washington, Jan. 7—John J. Pershing has decided against becoming a candidate for the United States Senate from Nebraska. The World War commander-in-chief has made no expression of his intention, but his associates were positive today he would oppose Senator George W. Norris for the Republican nomination.

B. U. Celebration

Boston University's contribution to the musical program of Boston's Centenary celebration will be Handel's "Judas Macabees," arranged in the plans of the B. U. chorus recently formed under the direction of Prof. Stephen Towson, former conductor of the chorus of the Boston Symphony Orchestra.

This Modern World

Edited by ANN ARDEN

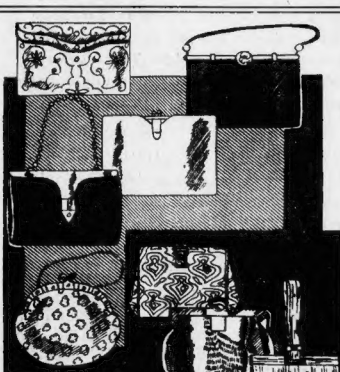

A Department Devoted to Fashions, Decoration and Social Customs

THERE can't be anything new in hand-bags, you think, as you set forth in search of one to carry with your newest frock—yet you soon discover that there is something very new! It is a new-looking, wider, how bags can change hands every few weeks in the fashion world. It is the infinite variety of their details which accomplishes this miracle, and if you are skeptical, just take a look at these latest arrivals for the mid-season collections.

The classic informal bag for sports or general use seems to remain the larger calf bag, although some smaller bags in other leathers are frequently seen. For formal daytime wear black antelope with a jewel trim is outstanding. Brocade and beaded effects in pearls appear star for formal evening use.

Several types recently observed have been sketched here. There is a charming black antelope bag from London which has a crystal ball tuff. The frame and handle are almost severely simple. Prized, you will find in shopping about, is repeatedly used for bag trimming of the more formal variety. Then there is another import of clever design which features a band of crystal beads to be matched, if desired, by a choker necklace of the same stones.

The calf bag finds a smart interpretation in a model with conical frame and unusual clasp of gold. And for evening, to be included in antique Persian brocade—a pouch shaped by Chanel, which is embellished in mother-of-pearl buttons on palm side—a choice denoting exquisite taste.

New Handbags Add Chic to Your Attire

clever wooden frame and colorful clasp. These are hardly a mention of the many new bags to be selected but perhaps enough to let you see that there is yet something new under the handbag sun!

WERE in luck to have accessories from a designer like Chanel who has been responsible for so many successes in the frock and coat modes, and especially since she has used the swastika, a symbol of good luck, on a clever form the look of the bag which appears in both envelope and handbag styles.

Air Romance, Better Than "Chickie"

CHAPTER 54
SLIM'S body, with the folds of silk wrapped about it, made a grotesque sonnet and then dropped.

Sheik covered. Guy, too, shuddered. For a moment neither moved, neither had power to move.

Sheik pointed to the trail, limp, he turned to Guy: "Can't you see we'll never make it! Dark coming on."

"We're an hour!"
They started down. For a thousand feet, the trail was a mere shaft cut from the precipice. In places it was wide and in places it narrowed to 15 inches. Only a madman would have planned over his shoulder. They drop on the left. Down 5000 feet.

Sheik moved like a panther, stealthy, noiseless, pressed against the wall. He threw back terrifying war-cries: "Slone! Slone! Slone! Careful—drop off just beyond All right—quicker now. Careful again, treacherous, slipping rocks—Better keep up the pace. Once the sun goes, we're finished!"

Down like this, hugging the wall—backed to it—sliding on life shadows.

Suddenly far off Guy saw planes—whole worlds distant; and out-putting the purple ridges were two planes. Were they some of the planes that had started at Lorne. Patrolman Connelly—these canyons? They were returning now. They were back no word.

Guy felt their failure and quailed. How nearly he, too, had lost! How incredible that he had NOT failed! An unwanted sense of the super-human possessed him. Some sweet "some" guiding beauty had brought him here. To save Pat! He went on not surely, his heart and thought focused on the image of Pat's face. . . . Oh, when he looked at her eyes again—when he lifted her in his arms—

Suddenly the trail opened out in a wide, overhanging ledge. It seemed to lead here. Sheik halted. His face was a dead, yellowish white, moisture dotted his forehead. He made a significant gesture to the sinking sun.

Sheik in 15 minutes. Dark comes on thick lightning.

"It's flashes that throw the light /A feet."

"You'll need both hands to hold on. There's where we go down."

Guy felt his heart leap, felt a momentary faintness and terror steps cut like a crazy ladder went down. The bald, perpendicular rocks. And he now glanced at the man who was to guide him. Almost completely sank against the ledge just like he had stumbled, carrying Pat upwards. Just here he had clung like a maniac to the hanging sandstone. His eyes were sick with the memory.

Guy took his Pat, poured a measure of brandy. Sheik grunted but eagerly. Again they started down. Their figure mingled with the shadows now thronging in purple cones through arch and cavern. Down they went—two great, dark, black claws dug tensaciously into the rocks—moving with better caution the mountain side. Endless the mad ladder seemed. Once Guy's foot lapsed. A rock slipped down under him.

He closed his ears and his thought to the sound of the stones clattering down the precipice, a sick warning growl. Go on! Go on!

God of the mad ladder at last. Sheik stepped to the ground. "Easier from here, little man. Mother gump. Good God, Elliott, I'm finished. His dark—at 8:30 I'll be black."

Guy poured the drink. Almost beside himself, almost incoherent with suspense he urged: "On—get on! We'll be all right. I'll be NOW!" Hurry Montgomery—get me to that cave—to the mouth of it!"

They were running across the canyon floor—level, smooth earth under their feet.

Sheik pointed. By the flashlight Guy made out a heap of ashes. The remains of a fire where the two had camped last night. He forced his guide. Not till they stood within the cave, not till there was no possibility of mistaking it, did he relax. He trembled in a kind of wild hysteria. In here—Pat—she uncovers the rope from his waist. "Good God, Elliott, you're not coming to me up."

"I'm not raising the job. The child's breath is hot—his hands that now and then patted her cheek were dry and as flames. How he reached up and felt at Pat's face. Suddenly he turned back. He felt her already in his arms."

GREAT NEWS BOSTON NEWS

FIVE CHILDREN SAVED FROM FIRE IN BRIGHTON Watch and Ward Society Head Takes Issue With Bishop

PATROLMAN RESCUES 2 BABES

Makes Three Trips Into Burning Building; 20 Persons Routed

Two children, overcome by smoke, were saved from death by a Brighton police officer, and three other children were taken down ladders from a third story and 20 other persons were driven out during an early morning fire in a three-story wooden dwelling on North Beacon st., Brighton.

Patrolman Francis J. Connelly of the Brighton station, while patrolling his beat, saw smoke coming out of a vacant tenement in the adjoining house. He sounded an alarm from Box 5374 and rushed back to arouse the three families on the third floor.

On the third floor, where the smoke was heaviest, he had much difficulty in arousing the family of John Lehto. Lehto was not home at the time, being employed night at Lorne. Patrolman Connelly found Viola Lehto, 14, and her sister, Palma, unconscious, in bed, overcome by smoke.

He brought both girls down through the smoke-filled hallway to the street, where he placed them in the ambulance. They were taken to the Brighton police station, where a physician worked over them for some time, finally bringing them back to consciousness.

The girls were badly affected by smoke inhalation. Connelly returned to the apartment and assisted Aino Lehto, 13, and her sister, John Lehto, 11, and spread rapidly to the second and third floors which were also vacant.

The fire then spread to the house at No. 138 which adjoins the other house. Here, too, the flames spread rapidly to the second floor and dense smoke rose to the third floor.

SPREAD RAPIDLY
According to the police of the Brighton station, the fire started in a vacant apartment on the first floor at No. 306 North Beacon st., and spread rapidly to the second and third floors which were also vacant.

The fire then spread to the house at No. 138 which adjoins the other house. Here, too, the flames spread rapidly to the second floor and dense smoke rose to the third floor.

Newton Marriages Show Gain of 10 P. C.
Dan Cupid was busier than ever before in Newton last year, according to marriage license statistics announced at the office of the city clerk.

The number of marriage intentions filed in 1929 showed an increase of more than 10 per cent over the previous year. The number last year was 638, while in 1928 the number was 596.

Governor Starts Budget Measure
Governor Allen today started work on his annual budget message to the Legislature, the makeup of which determines the State tax.

In his deliberations the Governor is being assisted by Budget Committee Chairman Carl Raymond and Chairman Charles P. Howard of the State Council on administration and finance.

SKIPPY
That's Breaking the Ice

HOW'S THE ICE, SKIPPY?
IT AIN'T QUITE READY YET.

Fire starting in a Christmas tree from a kerosene lantern trapped Mary De Vellis in her room at 9 Lambert st., East Cambridge, until her mother broke a window and carried out the child. Later, Mary rescued her dog, suffocating under a stairway.

GIRL TRAPPED BY FLAMES Boston Balm as Cold Wave Grips West

Mary de Vellis, 12, of Lambert st., East Cambridge, is recovering today from the effects of burns suffered when she was trapped in a room by a burning Christmas tree.

The girl's mother, Mrs. Jennifer de Vellis, made desperate attempts to enter the room from the outer hall, but each time she was driven back by a sheet of flame. Patrolman Mark Cunningham from the East Cambridge station, who had been attracted by the screams of the mother and daughter, broke a window and climbed into the blazing room.

He succeeded in getting the de Vellis girl to the street before she had suffered more than slight burns.

The fire ate its way through partitions and floors to the upper story. Mr. and Mrs. Berdett MacLean, occupants of the second floor, were driven to the street by the smoke.

While the West and the Pacific coast states, including California, battled wintry weather today, the East, including Boston, battled the warmth of springlike temperatures.

At 3 p. m. in Boston the temperature was 62 degrees above zero. As Montreal reported 22 below, Boston and vicinity was enjoying the balmy atmosphere of 81 above.

This is 13 degrees higher than at the same hour and year in the '20s. Cold weather, however, is forecast for tomorrow.

If New England was filled with California and Florida-type weather, there would have been a large influx of winter vacationists in this section now," remarked one Bostonian.

Freezing temperatures in the West followed a general storm that swept out of the north, leaving snow, hail and rain in its wake. Even California was in the throes of real winter weather.

Abnormally low temperatures were in the upper atmosphere of the Mississippi. Extreme cold and snow in places where seldom seen were features of winter here.

Kansas City Man Seeks Father Here
Daniel Duffy of Kansas City, Mo., is seeking assistance in locating his father, Robert Duffy, who was last known to have been working for a Boston construction company. He is no longer connected with that firm. His son may be reached through general delivery at Kansas City, Mo.

Demands Licensing of Parking Spaces
All open-air parking spaces and so-called "drive yourself" automobile spaces would be required to obtain license from the city in which they operate under a bill introduced in the Legislature by Senator Clarence P. Kilduff of Cambridge on a petition of Harry C. Mohr of a Center st., Cambridge.

Would Pay Councilmen
A bill to establish salaries in all executive offices of Attleboro by city ordinance, presented to the Legislature today by Senator James G. Moran of Mansfield, Attleboro city councilmen now are unpaid.

Moody's Return From Honeymoon
Sen. Fred C. Moody, Cal., Jan. 7—Fredrick Moody, Jr., and his bride, Helen Willis Moody, returned to the Senate today after a 12-day honeymoon cruise on the yacht Galatia in Mexican coast waters.

Urges State Board for Beauty Parlors
Establishment of a state board to regulate the occupation of hairdresser and cosmetologist is asked for in a bill filed with the Legislature today by Representative Slater Washburn on petition of Miss Elizabeth A. Olin. A bill of an identical nature was defeated at the last session of the general court.

Legion Whist Party
The first whist party of the new year under auspices of the James C. Shea Post, American Legion, and its auxiliary, will be held Thursday evening at the new home of the organization at 488 Hyde park st. There will be a series of eight other Tuesday evening whist parties.

Red state voters are greater than in any year since 1910. The new Legislature will be a record for the state.

Truck Driver Hurt in Crash With Sedan
Hurted from his truck as it collided with a sedan in Shawmut Village today, Raymond Smith, 41, of Windsor ave., Swampscott, suffered serious injuries which resulted in his being placed on the hospital list at Lawrence General Hospital.

Both machines were wrecked in the crash. The driver of the sedan, escaped with minor injuries.

Sacco Prosecutor to Wed Mrs. Carr
Former District Attorney Frederick G. Katzman is to wed Polly Lessor Carr of Hyde Park on January 12.

Mrs. Carr has been prominent in Hyde Park amateur club. Katzman was the prosecuting district attorney at the trial of Sacco and Vanzetti.

Moody's Return From Honeymoon
Sen. Fred C. Moody, Cal., Jan. 7—Fredrick Moody, Jr., and his bride, Helen Willis Moody, returned to the Senate today after a 12-day honeymoon cruise on the yacht Galatia in Mexican coast waters.

RAY TAKES CLEAN SWEEP IN CHELSEA POLICE SHAKEUP

WOMEN LOSE THEIR SOFT JOBS

Whalen Declares His Shifts Are Without Political Significance, However

One of the biggest shakeups in the history of the Chelsea police department was ordered today by Mayor John J. Whalen and will be completed by day. Sixty members of the department have been ordered shifted.

Among those who have been shifted is Sgt. Thomas Flynn, brother-in-law of former Mayor Lawrence W. Quigley, who will be assigned to day duty duty instead of working in the inspector's department.

A new liquor squad has been formed by the mayor's order, and William B. O'Connor, who will work in the inspector's office, has been assigned to it. The former liquor squad consisted of Sgt. Valentine Simon, who will be shifted to street duty, and William B. O'Connor, who will work in the inspector's office. The new squad will have a day duty officer for the next two years, will do street duty beginning tomorrow.

Family Sees Waltham Mayor Inducted

Mrs. Mary E. Duane, Mayor Duane, Mrs. Duane. Mrs. Duane and daughter were present when Patrick H. Duane was inaugurated as mayor of Waltham. Many civic improvements were urged by the mayor in his address. (Staff photo.)

NEEDLE SHARPENED IN BOSTON

Action Is Authorized, but the Union Will Wait Until Feb. 15 for an Agreement

A strike of 4000 Boston members of the International Ladies Garment Workers Union threatens unless a agreement is reached before Feb. 15, union officials today said. Following the walk-out of women garment workers in Cleveland today, the New York office of the labor organization ordered strikers in several other cities including Boston.

"These strikers, however, are to be 'at the discretion' of the local union. Mr. Admire of 15 Essex st., international vice-president and manager of the Boston local, today said the prevailing sentiment of the Boston members was for a strike unless a no agreement is reached by Feb. 15.

The agreement with local factory owners will appear on Feb. 15. If a general Boston strike is called, this may involve several hundred workers in various other Massachusetts cities having affiliations with the International union.

The demands of the workers include a five-day week of 40 hours, elimination of so-called "sweet shop" conditions, and guarantee of pay from contract firms.

Strikes have tentatively been called in Cleveland, New York, Baltimore, Philadelphia, Chicago, Kansas City and Tulsa. The Cleveland walkout was the third of a series of 13 such strikes authorized recently by the general executive board of the union.

In Cleveland some 500 workers were ordered out on strike. Governor Cooper has offered to mediate for an agreement. It both sides will jointly request his intervention.

A strike had been previously called in New York. The strikers are declared by their leaders to have won a victory in their demands.

Fights for Freedom

'Bawdy Boston' AUTHOR DEFILES GRAND JURY

W. W. Liggett Says He Will Ignore the Summons to Come Here to Testify

"I am not a government snapper and will not give incriminating information on half-pint bootleggers and racketeers to the federal grand jury in Boston, or elsewhere," said Walter W. Liggett, author of the magazine article entitled "Bawdy Boston" in which he described alleged vice conditions in this city.

Mr. Liggett said he will ignore the summons sent him from Boston by telegraph yesterday to appear before the federal grand jury in this city Jan. 10 to explain his article. "However, I will make it plain that I believe the governor of Massachusetts is directly responsible for vice conditions in this city," he added.

When informed of Liggett's attitude, Asst. U. S. Atty. Hubert Thompson said: "We will do everything we can to bring Mr. Liggett into this jurisdiction. We have the clout of the law whereby we can bring him here, and if he doesn't obey the summons we will take legal means to compel him to do so."

Mr. Liggett followed up his magazine attack by a verbal one before the Washington open forum last Sunday. During the course of his address he attacked Governor Frank G. Allen and former Mayor Malcolm E. Nichols.

Would Boost Conant Salary to \$8000

A bill to raise the salary of Richard K. Conant, state commissioner of public welfare, from \$6000 to \$8000 a year was today filed with the legislature by Rep. Slater Washburn of Worcester.

Peter Marzio

Asserting that his term of five to seven years in State Prison is illegal, Joseph B. Marzio, Warren National Bank thief, pleaded in federal court that he be given his liberty. He is shown here with his attorney.

EXPECT 15,000 AT POLICE BALL

The biggest event on the social calendar for the Boston police is scheduled for tonight when 15,000 are expected to gather at Mechanics Hall for the annual police ball.

Governor Allen and Mayor Curran have been invited to attend with a host of other celebrities.

Patrolman and Mrs. Daniel J. Leahy of the East End hall, at the station will lead the grand march, always the feature event of the police ball. Officer Leahy is the outgoing president of the Police Relief Association. Behind him in the line Police Commissioner Wilson and Superintendent Crowley. The police escorts will hold places of honor.

LA OF 1632 TO COST HIM \$1300

Restoration of an ancient law game of chance shall forfeit to the loser a sum double the amount won but cost Ben Novak \$1300.

Ben was prosecuted under a law enacted in 1632 and found guilty by Suffolk County jury of winning more than \$50 at gambling. It was the first case of its kind when a player convicted a defendant.

Novak won \$500 from John Yantz the court will be obliged to order him to pay Yantz \$1300.

To Talk on "Theism and Schopenhauer"

A topic of world-wide interest to students of philosophy, "Theism and Schopenhauer" will be discussed by Edward E. Turner of Boston, N. H., at the meeting of the Boston University Philosophical club at the University Club tomorrow evening.

Taito Kanonen of Maynard, president of the group, will preside. The club has a membership of nearly 50 students and 15 faculty members.

Hears Arguments About Receiver

Federal Judge Brewer intended to lengthy arguments for and against the appointment of bankruptcy receiver for the Massachusetts insurance Agency Corp., which petitioned into the bankruptcy court. Walter Powers, a Boston attorney, was finally named by Judge Brewer, being awarded largely, he said, by the fact that the Massachusetts Agency ought to be represented in the State court proceeding.

Too Many "Saturday Night" Beans Get Man Into Court

A sketch, entitled, "A Bostonian's Saturday Night" was produced in municipal court today when Edward Hannon was arraigned for larceny.

"What did this man steal?" inquired Judge Murray.

"Forty-eight cans of beans," testified a policeman.

"My goodness," said the judge, "all your work must be Saturday nights. Edward, forty-eight cans of beans should satisfy any New Englander."

Hannon said he did not remember how it came about. Police found him in an alley with beans in his pockets. In his arm and in a case taken from an express man. The case was continued.

Cite Lufkin \$200,000 Gift in Will Fight

An attempt to show that Henry F. Lufkin, vice president and secretary of the United States Trust Co., repudiated the late John W. Lufkin, is expected to gather at Mechanics Hall for the annual police ball.

Governor Allen and Mayor Curran have been invited to attend with a host of other celebrities.

Patrolman and Mrs. Daniel J. Leahy of the East End hall, at the station will lead the grand march, always the feature event of the police ball. KILLING ROOMS RECRUITING

A flood of letters and telegrams from all sections of the country greeted coast guard recruiters today at the Customs House.

The flood is attributed directly to the Black Duck killings off Newport. From as far west as Arkansas and points in the remote sections of Maine inquiries were received relative to enlistment in the service.

Most of them were from youths who had no previous experience in the navy or coast guard or no real experience and their names were placed on file.

Pennycuik, C. A. Picken, in charge of recruiting Mrs. assigned to the recruiting office in an answer all inquiries with explanations that the service was open only to veterans of exceptional rating men.

Today marked the second day of a rush at the recruiting office, following the Black Duck killings and demonstrations by wet adherents on Boston Common and the South Station.

Letters received included some from small towns in Arkansas, Ohio and towns in Michigan and points in New Hampshire, Vermont and Maine. Most of them were from youths that sought the thrill of the service, while many others were from former adherents who wanted to return to their old commands.

Hub Klansmen Protest Attack on Coast Guard

Urging the federal government to hunt out and prosecute those who attacked a coast guard recruiting officer on Boston Common and destroyed the poster sign, a resolution has been adopted by the Boston Tea Party branch of the Ku Klux Klan.

Shaped by Richard Barrett, Klansman, the resolution "upholding the constitution" has been forwarded to the President, the attorney-general, U. S. district attorney, Treasury department and the two senators from Massachusetts.

The attack on the recruiting officer is classed as an outrageous insult.

Real estate values are growing rapidly in Boston. If you were here in one year you would find the following values:

Patrolman Fired on Neglect Charge

Patrolman George L. W. Reid of the Roxbury Crossing station, after being found guilty of neglect of duty, was ordered discharged from the police department.

His superior charged that he failed to make arrests after being called to quell a disturbance at his house on his route. Evidence that Reid joined in the party in progress at the place was presented to a trial board which heard the charges against him.

Jail Term Barks 'Honeymoon' Plans

Instead of going on a honeymoon in New York, but the wedding, Arthur F. De Armon, 26, of Walpole, will spend the next six months in the House of Correction, East Cambridge.

De Armon was sentenced today by Judge M. E. Sturtevant in Superior court when found guilty of abducting his wife, Margaret, a 23-year-old daughter, resident of Boston, Ave. West Somerville.

De Armon left home several months ago, according to police, and representing himself as a single man had become engaged a Dorchester girl.

Northeastern Frosh Will Greet Mascot

Nearly 400 incoming divisional freshmen at Northeastern will be treated to their first glimpse of Husky university mascot, the student union reception Friday evening in Bates Hall.

Speakers will include President Frank Palmer Spear, Dean Carl S. Ell and Prof. Joseph Spear, Stanley G. Essex and Treatwell M. White.

The mascot will be furnished by Frank Lane. There will be music by the concert orchestra, under the leadership of J. Henry Donohue, 23, Cambridge.

Frozen Pigeon Lands on Sill

John Erickson of Dorchester is taking care of a half-frozen pigeon that landed on the window sill of his home.

He described the bird as being a white carrier pigeon, with several black feathers streaked in the tail and the breast. On its right leg there is an aluminum band on which is stamped the number 47.

Dane Gets Moth Job

The Brookline Board of Selectmen appointed Ernest B. Dane, superintendent for the suppression of brown tail and gypsy moth, Chief Editor Allen of the fire department was appointed forest warden to prevent forest fires.

ACTRESS SUES HOTEL MAN

Charging her husband with misconduct, an actress, filed suit for divorce today in New York city.

Mrs. Weise is living with her father, E. E. Leach, in Stoughton, Weymouth, a hotel manager, is said to be in Denver, recuperating from a recent illness.

An order was issued permitting the arrest of a woman and complaint by publication.

Mrs. Weise was on the state for several years, having traveled on the Keith circuit. She is about 30.

Institutions Share in O'Hearn Estate

Disposing of an estate of \$154,500 and including several public bequests, the will of Patrick O'Hearn, late of Lowell, was filed in Middlesex Probate court.

Under the terms of the will, real estate valued at \$104,000 is to be equally divided among the members of the immediate family.

Small amounts of bequests are made to relatives. Public bequests include St. John's Hospital, Lowell, \$200; Working Boys' Home, New Bedford, \$200; Peter's Orphanage, Lowell, \$200; Ladies Aid Society of St. Patrick's Church, Lowell, \$100.

"Now she's always hungry."

Charging her husband with misconduct, an actress, filed suit for divorce today in New York city.

For Women of Middle Age

"I have been taking Lydia E. Pinkham's Vegetable Compound to build me up and for the Change of life and I can't get along without it. I lose about twenty pounds and I feel weak and run-down. I find it gives me strength and quies my nerves. I have two daughters and I gave it to them when they came into womanhood and was greatly pleased at the results. I will answer any letter for information."—Mrs. L. E. Hanna, Watertown, Iowa.

"PLEASURE BOUND" CAPTIVATES AUDIENCE

CHEVALIER TO LEND CUPID A HAND

faithfully to provide for her and pay the parson, but outside of that it won't cost you a single little penny. You simply must have a marriage license or there'll be no wedding. That's just exactly what Maurice Chevalier, the lovable French musical star, who was introduced to

express his willingness to buy the picture, and to put it in Broadway who are married just Friday, the opening day of his latest picture, "The Love Parade".

If you are going to join the love parade, and plan to do so, you will call to mind the "Maurice Chevalier Marriage." Editor at the Washington "Star" has just written me to inform you that you will be married in that date and arrangements will be made for you to see the Maurice is big hearted that way.

My personal "The Love Parade" is the across first original musical romance. In addition to hearing the delightful Maurice Chevalier singing, you will have the joy of seeing and hearing lovely Jeanette MacDonald, Eugene Loring and John Booth. "The Love Parade" will be presented at the Washington

aters the entire week starting next Friday.

Mellie Dunham on Stage
With Keith-Albee Act

Mellie Dunham, champion of the old-time fiddlers, is making his last stage appearance at the Keith-Albee place. Each day he takes his famous fiddle from his case and plays again in his own individual style.

Mr. Dunham is appearing in conjunction with the Weaver Brothers and the Ben Arches, "saw Travelers," and makers of music on anything from a saw to a million dollar instrument. The inclusion of whose act there is a fiddler's contest.

SHACKS SET APART IN FLIGHT

By GEORGE HAMBLEN

The hope of pilots and operators at the Boston Municipal Airport that the old hangar sitting in the middle of the field, will be removed was raised today when an announcement by East Commissioner William P. Long that an agreement had been reached with East Coast Aircraft Corp. and that all that has to be done is the drawing up of a legal agreement by the law department of the city.

But the latter part of that paragraph is where the rub comes. Commissioner Long submitted the agreement to the law department one week ago, and nothing was heard.

No doubt the legal affairs of a city such as Boston are great, and weighty, but when human life and the furtherance of air commercial flying is at stake, nothing else matters.

Someone might come back at us and ask how we got that way, putting aviation above anything else. Well, we get that way this way. The city of Boston has spent over a half million dollars on the airport on Jefferson Road, in the past 12 months, in order to make the place a fit one for the flying of a door to the air-giving trade of the country.

A city grows only when its methods of transportation are up to date, and an airport of the first rank is the surest way to stay up to date in these days.

Therefore, if all this money has been spent to bring to Boston a flying field that bids fair to be second to none in the country, both for its flying facilities and beautiful buildings, and its accessibility to Boston, and right in the middle of this field stands an old, obsolete shack that is doing no one any good, perhaps we are right in our estimate.

Just yesterday two minor cracks were caused by the hangar. One, where a student who had been dropped by the gusty wind and smashed into the side of the building, and the other where the gusty wind currents set up by the building caused a ship to be blown off the ground to heel on one wing tip. Neither plane was badly damaged, but both were placed out of commission for the day and cost their owners money to repair.

If all that remains to be done is to draw up an agreement that will carry water legally, and both sides ready to sign it, let's get it done immediately and save someone's life.

REMOVE THAT HANGAR!

A friend of Charlie Arnold's, living in Groton, Conn., Ray Cate, a chap who barnstormed with Charlie Arnold, the famous aviator, wrote and asked if we had any news where he was located. He had not. Fortunately, we received a letter from Charlie Arnold, who Ray reads this down a grocer, he will find that Charlie is in America, Georgia, and that there for the next couple of weeks. Before Arnold left, he was in December for the aviator, he stated that he hoped to be in Florida, by this time, and that working his way back. Evidently the advance man and the barnstormer has with him as good as that he has not had time to move to more than one town in 10 days. This means that his stay in Miami will be rather short, before the spring move into Florida from Miami, which is not so rigid after all.

"The Three Must Get Theirs," Win Young, Wm Temple and George MacDonald, have their Whirlwind Travel Air in the air almost daily, with Ray Cate flying, and the boys have given up the idea of going west.

Another ship owned by the three boys is Chalmers' ship, a 100-horsepower motor, is tearing competition at Ray Cate's ship in Taunton. The ship was badly damaged in a crash-up last fall, and Cate has been rebuilding it from the ground up. According to Young, when the ship is finished, it will be better than new and will be used for instruction purposes and fly hopping, while the Travel Air goes out on the air meets this coming summer.

Walter Rogers, head of the distributors of the Davis monoplane in New England, and Gus Ham, chief pilot, had down to Dave Rogers' field in New Bedford, to demonstrate the ship to Sound Airways, of which Dave Rogers is manager and Ike Dawson is president.

When they arrived at Sound Airways' field, Henry "Hank" Olsen, chief pilot of Sound, took the ship up into the sky, and turned it inside out. Including a little loop-up flying in his show. When he landed, he was all smiles, for his little high-wing ship answered everything he gave it without a murmur.

Ray Cate, first pilot on one of Cate's trimotors to New York, has moved to New Bedford to make his home here with us, and fly out of here on the passenger service.

TATER BURNS MILLIONAIRE IN LEICESTER
Leicester, Jan. 7.—Donald Dorr, a freeman, was overcome by smoke today when a fire broke out in the kitchen of the Tater Tavern on the Boston Post Road. Fire Marshal Robert E. Mott and the state police are investigating the damage was estimated at \$25,000.

Police said flames claimed the place when it was in progress on both the top and bottom floors and smaller flames were burning simultaneously throughout the building. When the flames were discovered it was necessary to call engines from Worcester, Cherry Valley and Rochester. The persons were in the building at the time. The Tater Tavern, a four-story Colonial mansion, is a well-known landmark in Worcester. Its history runs back to 1808, when it was designed and built by Edgar Hegan, a city forester.

The Tater Tavern was erected in 1808 by Edgar Hegan, a city forester. It was a card-climbing factory in Leicester at the same time. It was then a stately mansion in the midst of a beautiful estate.

Later it was purchased by Rufus Stearns and subsequently was converted as an inn, as a residence, an antique shop and a flower shop. It was one of the oldest landmarks in the county.

Taft in Hospital: Works and Chuckles
Washington, Jan. 7 (AP)—Chief Justice Taft entered Garfield Hospital today for treatment for bladder trouble, assured that relief would be obtained in a few days when he would be able to go to Boston, probably to Asheville, N.C., for several weeks of rest.

With his law wife and his secretary the chief justice worked for several hours this morning. He recovered much of his characteristic attitude and he laughed with his customary chuckle.

The physicians told him that as soon as his ailment was relieved there would be a general improvement in his nervous condition and that several weeks of complete rest would restore him.

BORAH'S STATE 'RUMMY,' SAYS LA GUARDIA

Washington, Jan. 7 (AP)—The Capital prohibition controversy flared up again today with a declaration prepared for the House by Representative La Guardia, Republican, New York, who said there was "more drinking per capita in the state of Idaho than there is in the city of New York."

Idaho is the home of Senator Borah, one of the staunchest of the drys, who has been most active in the enforcement recently on the enforcement question.

La Guardia spoke of the "bloody murder" of three members of the crew of the cutter, 220, headed off the coast of New England by coast guardsmen engaged in a rum runner chase.

"The case of the Black Duck," he said, "is but another paragraph in the shameful annals of prohibition."

The Treasury Department rubs in print to justify the slaying of these three men. The record is bare of any facts showing that the Black Duck had refused to leave or was in actual flight.

The coast guard officials and the crew of the cutter, 220, have been hailed and praised for having well performed their duty, for their duty in the light of prohibition.

Part of the liquor taken from the Black Duck, he added, "was in fact sold by members of the coast guard."

"There are more bootleggers per capita in the state of Idaho than there are in the city of Chicago," he added. "Liquor is better in the state of Idaho than in any of the large cities, and cheaper."

Chicago, Jan. 7 (AP)—One killing, one attempted gang slaying, scores of holdups and a Gold Coast robbery in which a millionaire publican was seized and robbed of \$25,000 in jewelry, have forced budget-haters to call for a more drastic law to curb the crime.

Police believe he was killed for refusal to pay tribute to an extortionist who was taking the ransom kidnapping investigation. Charles Manson Richter, vice president of the Consolidated Magazine Company, the building robber, told his wife, Richter, who was with him, that he was killed for refusal to pay tribute to an extortionist who was taking the ransom kidnapping investigation.

at 'Civilization'
Belgrade, Yugoslavia, Jan. 7 (AP)—An unconfirmed report that a revolution is in progress in the Balkans, a revolution in the midst of a revolution in Albania. The cause of the revolution was reported to be resentment against the enforcement of decrees by King Zog introducing westernized civilization.

Today, in the real estate columns of the Standard, the price of a house in the city of New York is \$100,000.

Talks on Sales

J. J. McELLAN
Gillette Sales Manager

For a half hour every week in the big South Boston plant of the Gillette Safety Razor Company, J. J. McEllan, sales manager, stopped turning. And at that interval a famous old product died and a new one was born.

With the completion of the 113,538th Gillette razor, the old model became extinct and production started at once on a new and different razor with a new and different blade.

The transition occurred and was announced behind closed doors in the presence of nearly 200 officials, managers, and salesmen of the company from all over the world, who are meeting here in annual convention.

The utmost secrecy has been thrown about the new products and no announcement concerning their details will be made for about six weeks, after which they will be available throughout the United States and many foreign countries.

The home office executives and the visiting salesmen, however, expressed themselves enthusiastically in the new razor and blade, predicting for them an even greater success than that achieved by the old.

Today's convention session is devoted to sales and advertising. Vice-President F. H. Brown and J. J. McEllan, sales manager, will discuss selling problems, both domestic and foreign, and E. D. Copp, chief advertising manager, will present the company's advertising program for the year ahead.

The author, of New York, speaks today on advertising.

WORKING CLASS SUFFERS MOST
"It is the working class that suffers most by prohibition and the Washington Home would have to close its doors were the working man able to buy beer without restriction," Dr. Hugh Barry, superintendent of the state of 42 Wallman st., stated today.

The change in the type of our patients proves that," he added, "before prohibition our patients were chiefly professional men, today the institution is called upon to treat men of the working class. The patients who are in our care now, he continued, would be a perfectly happy and industrious lot were it not for the prohibition which they have been forced to live in the absence of cheaper beverages."

The Washington Home, founded since 1920, sadly needs a new building in a quiet neighborhood will be shown at the annual directors' meeting next Monday. The building is a well-known charitable institution for the treatment of alcoholics through the medium of wholesome food and comfortable rest.

New Haven Phones To Go on Dial System
New Haven, Conn., Jan. 7.—Seventeen thousand telephones in New Haven will be cut over to the dial system in April, according to an announcement by the Southern New England Telephone Company.

The dial phones will be centralized in exchange buildings here and in Stamford. Two other New Haven exchange buildings will not be equipped with dial machines for the present. The entire pay 'n' line system in central New Haven will remain on the old system.

Today, in the real estate columns of the Standard, the price of a house in the city of New York is \$100,000.

Needless Pain!
Some folks take pain for granted. They let a cold "run its course." They wait for their headache to "wear off." If suffering from neuralgia or from neuritis, they rely on feeling better in the morning. Meantime, they suffer unnecessary pain. Unnecessary, because there is an antidote. Rayer Aspirin always offers immediate relief from various aches and pains, one of the best in the world. It is safe, it is sure. If pain persists, consult your doctor as to its cause.

Save yourself a lot of pain and discomfort from the many uses of Rayer Aspirin. Protect yourself by buying the genuine. Rayer is safe. Always the same. All druggists.

BAYER ASPIRIN
Aspirin is the trade mark of Bayer Manufacturers of Monocrotaphone of Bayreuth.

Cemetery Headstones Wrecked by Vandals

Dorchester, R. I., Jan. 7.—Armed with sledge hammers, a group of Rhode Island and graves of Civil War soldiers in the cemetery of the attack, feeling against them ran high.

The motive for the act was a matter of opinion. Some believed every effort is being made to locate the gang responsible for the vandalism.

The mutilated headstones were discovered by Peter Lang, superintendent of the cemetery, when he opened the gates to admit a funeral.

Inspectors discovered a sledge hammer which they believe was used by the vandals. Lang declared the sledge hammer was not one of his tools.

Because the gang picked out some of the graves of the early colonists of Rhode Island and graves of Civil War soldiers in the cemetery of the attack, feeling against them ran high.

\$15,000,000 Road Bill Introduced

Washington, Jan. 7 (AP)—A bill authorizing expenditure of \$15,000,000 over a three-year period, beginning in the fiscal year 1931, by the Secretary of the Interior for the construction of roads leading to the highest systems of national parks, was introduced today by Representative Leavitt of Montana.

The bill authorizes the Secretary of the Interior to expend the money for the construction of roads leading to the highest systems of national parks, was introduced today by Representative Leavitt of Montana.

Chicago to Puget Sound and Portland on your California trip

Before you a well-laden table groans with the bounty of the rich Great Northern country. From your window an ever-changing vista of snow-topped mountains... of virgin forests and rushing rivers more miles of scenic grandeur in daylight on this Great Northern route to California!

Decide now that your next trip west will be via this glorious scenic route—the clean way west! And be sure that the chime of the dinner-gong will not be the least of

Sharkey Will Probably Battle Scott at Miami

SHARKEY ACCEPTABLE TO SQUIRE

By JACK CONWAY
JACK SHARKEY, American heavyweight champion, will probably battle Phil Scott, British titleholder, in a 10-round bout at Miami, Fla., on February 27.

The New York Garden has signed as Scott for the match. This move indicates that William F. Carr, president of the Garden, has been in line with William W. W. Carr, a member of the Garden, who has maintained all the Garden's policy of promoting the heavyweights. The Garden was formerly trying to arrange a fight between Scott and Tunney, a champion, but the weight championship was not considered.

Tuffy Giff, Jack Conaway, Ed Campello, Primo Carnera and the other lesser lights in the heavy-weight division will be obliged to wait for a chance at the championship until after Sharkey, Scott, and Schmeling have settled the question of ring supremacy.

Scott is in England where he went after his bout with Otto Von Frost. He will start for New York as soon as Jimmy Johnston, his manager, informs him that the Miami bout has been closed.

If a Sharkey-Scott tussle is arranged, it will be a victory for the Garden's policy of promoting the heavyweights. The Garden has declared that it is not interested in the best interests of this game.

JOHNNY BUCKLEY, manager of Sharkey, received a telephone call from William F. Carr, president of the Garden, to consider the Miami bout.

Buckley was stood with Muldoon in the Garden, who has been in line with the Garden's policy of promoting the heavyweights. The Garden has declared that it is not interested in the best interests of this game.

MANHATTAN, Sharkey is in Miami Beach, Fla. The Boston heavyweight contender does not care whether his opponent is Schmeling or Scott. He wants only that he be pitted against a man who can give him a good fight.

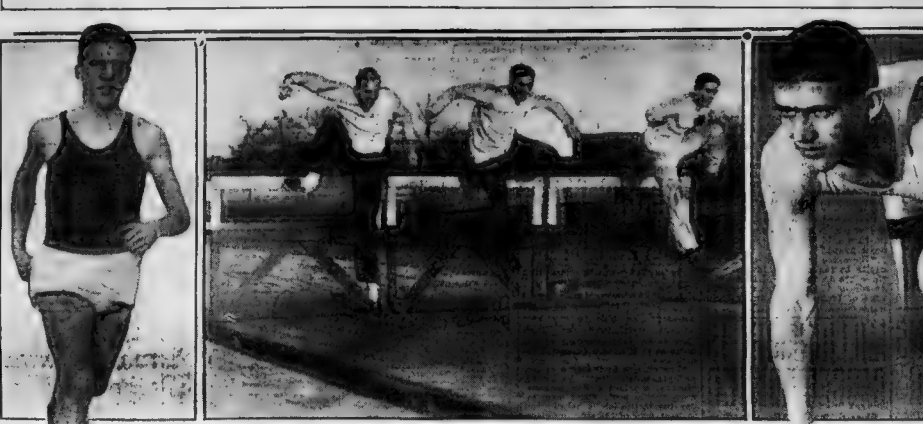

In the event a Sharkey-Scott bout is arranged, the Garden plans to surround this heavyweights feature by a smashing preliminary card. Campello, Carnera, Loughran and other lesser lights will receive an opportunity to do their stuff in what promises to be one of the greatest heavyweight carnivals of the year.

If Sharkey and Scott are matched, the winner will probably collide with Schmeling in New York in June.

No More Coast Games for Army
Washington, Jan. 7.—The Army Football team has been ordered to the Pacific Coast, and henceforth will avoid scheduling post-season games.

Officials are said to feel that the trips to the coast are too costly for the academic work at West Point. Regular season games will continue to be played with Eastern and Middle Western institutions.

HARVARD TRACKMEN PREPARING FOR BUSY SEASON

The above photo shows, left to right, Mulder, O'Connell and Alwood topping the timbers in the first regular practice of the Harvard track team.

B. C. All-Stars in First Home Game
Boston College's football team, who banded together during the Christmas holidays as an unofficial unit under the title of the B. C. All-Stars, will play Bunker Hill at Boston Saturday night.

O'Flaherty's Victory Surprise of Tourney

SEVEN thousand enthusiastic followers of amateur boxing assembled in Mechanics Hall for the finals of the Golden Gloves tournament, under the auspices of St. Joseph's T. A. S.

The competitions were all keenly contested, and the spectators were much better than the average seen at such tournaments.

The slugging type also was conspicuous, and when this class was opposed to scientific men the contests were usually replete with fine boxing.

The surprise of the tournament was the defeat of Jack McCarthy by Jack Secory.

Another upset took place when Gibson was beaten by Pat O'Flaherty, the stout Irishman, who has taken his first step toward attaining it by entering an amateur tournament.

Seven-Foot Truck Driver Enters Ring
Pittsburgh, Pa., Jan. 7.—Primo Carnera and Vittorio Campolo, giants of the ring, took place.

James Keate, a 50-year-old truck driver, who stands seven feet in his boots and weighs more than 200 pounds, aspires to boxing fame and has taken his first step toward attaining it by entering an amateur tournament.

Little Squash Starts Feb. 3
Philadelphia, Jan. 7.—Anne B. Townsend of Philadelphia, captain of the All-American field hockey team, will start for the 1930 season.

Fights Last Night
Philadelphia, Jan. 7.—The Associated Press has reported that the following fights took place last night: (1) George Brown, Philadelphia, defeated John O'Neil, Philadelphia, 10-0.

Freeman Wins Cue Match From Fortin
Chicago, Jan. 7.—Freeman won the cue match from Fortin, 10-5.

NEW MARK SET IN GIRLS' MEET

Olivia Hansen of Needham and Margaret Tierney of Boston, both members of the Boston Swimming Association's track team, were the individual stars of the city of Boston women's indoor track meet which was staged at the Faneuil Hall Gym, last night.

Miss Hansen won the junior New England title in the 100-yard dash, setting a new mark for the event.

In the eight-pound shot-put for the junior New England title Margaret Tierney of the Boston team tossed the pellet 28 feet 4 inches, beating Mary Scully of the Brookline club.

Rene MacDonald of Hyde Park, competing under the colors of the Boston Swimming Association, also featured with her fine showing in the eight-pound shot-put, tossing the pellet 28 feet 4 inches, beating Mary Scully of the Brookline club.

One big surprise was recorded when Catherine Carow of Medford, Mass., won the 100-yard dash, setting a new mark for the event.

Passing the Puck
By BILL GRIMES
The Bruins have had a wonderful run of victories, which started more than a month ago here in the Garden. While setting up their new record of 13 consecutive victories, the Bruins have defeated every team in the league and scored the feat on Los Angeles, Ottawa and Montreal.

Judging from the job they did on the lowly Pirates, the Bruins are dangerous, but on the other hand the Americans knocked over the men of Patrick last week.

Regardless of the fact that the Bruins are not displaying any signs of strain, they cannot be expected to go on much longer. They are due to be stopped, and now that they have a six-game lead, can well afford to halt for a couple of games.

Although President Frank Calder refuses to make known the identity of referees working here, the referees, the afternoon papers in Montreal publish the names of the officials.

According to rumors in Canada, Calder refuses to make known the identity of referees working here, the referees, the afternoon papers in Montreal publish the names of the officials.

Baseball Ban Hangs Over Head of Shires

CHICAGO, Jan. 7.—Arthur "The Great" Shires finds himself over unless he clears his name of charges that he engaged in one "fixed" professional boxing match and had attempted another.

The White Sox management, which has remained silent throughout the great one's invasion of the outfielder ranks, made it clear it would not talk about a 1929 contract with the punch-slugging first baseman until he had gained a clean bill from the Michigan and Illinois state athletic commissions, which are investigating charges against him.

Shires, must clean up those charges before the White Sox will be ready to discuss a contract with him. When the time comes, they will be ready to handle the situation.

LAYTON LOSES FIRST MATCH
New York, Jan. 7.—Johnny Layton of St. Louis, received the first setback in the defense of his national three cushion billiard title, when he was defeated by Augie Kleckhefer, the Chicago southpaw, 10 to 8 in 54 minutes.

The defeat was Layton's first in three years of tournament competition—Otto Reuitt of Philadelphia and Allan Hall of St. Louis, took the lead in the Round of 16, Kleckhefer's second in three games while Layton has been the champion definitely in the race for title honors.
